

BeneSOL 8-0-14

Organic Fertilizer

BeneSOL 8-0-14 is an organic solid fertilizer that will contribute to soil organic matter and soil fertility. The mix of different organic raw materials guarantees a sophisticated compound fertilizer with a controlled release of nutrients over time.

The period of releasing nutrients lasts from a minimum of 90 until up to 120 days. BeneSOL 8-0-14 is a high potassium fertilizer. Due to the high proportion of organic potassium this fertilizer is a good solution when the potassium demand becomes higher. Especially before generative stages like fruit development, this fertilizer can be very beneficial. BeneSOL 8-0-14 can be used complementary with other fertilizers. Additionally, the fertilizer carries a relative high amount of magnesium.

This fertilizer is certified for use in organic agriculture in compliance with EC 834/2007 and EC 889/2008.
